

Great news! First Financial Group of America (FFGA) as the selected Third Party Administrator (TPA) for The Texas Educational Employers Benefit Cooperative (TEEBC) is offering members the ability to save on Auto & Home Insurance while partnering with MetLife. In order for your district to take part in this benefit, we are asking for your approval to provide your employees with a quarterly mailer and inform them of this valuable benefit savings. The only information needed for the employees to receive a mailer are their names and addresses (physical and electronic, if available). By signing below you acknowledge that this information will be requested by MetLife and provided by your current TPA, First Financial Group of America. The program highlights are outlined below. Should you have any questions, please contact Gary Shuffain at (512) 781-9699 or gary.shuffain@teebc.org.
